

# Qualifying Flowmeters

The following flowmeters are eligible for EBMUD rebates. Rebates are not guaranteed. For full program rules and eligibility visit [ebmud.com/flowmeter](http://ebmud.com/flowmeter).

## Requirements

Eligible devices must possess the following features:

- Measure account's total water usage at least hourly and report water usage on a web portal or mobile app.
- Provide automatic leak alerts.
- Not interfere with the operation of the EBMUD meter, as described in the On-Meter Flowmeter Terms and Conditions.
- Be designed for at least two years of continuous operation.

## Can a product qualify if it is not on this list?

Yes, if you believe a product should qualify but is not included, e-mail [waterconservation@ebmud.com](mailto:waterconservation@ebmud.com) with the device information for approval. New devices will be added to this list as they become available.

Model/Brand*	Installation Location	Power Source	Connection Type	Website
Flume	On meter	Battery	WiFi	<a href="https://flumewater.com">https://flumewater.com</a>
