

FREE **RECYCLED** WATER FOR COMMERCIAL TRUCKS

We are in a serious drought. To preserve drinking water supplies and meet mandatory conservation goals, use recycled water. Apply for a permit today!

USE FOR

- power washing
- sewer flushing

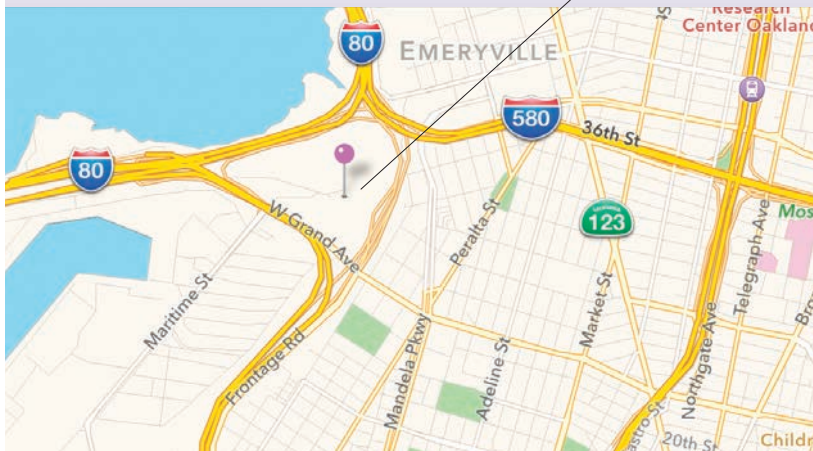

- dust control
- street washing
- decorative fountains

- soil compaction
- landscape irrigation
- other industrial uses

Recycled water is **available 24/7** at EBMUD's wastewater treatment plant in Oakland, located at the foot of the Bay Bridge at 2020 Wake Avenue.

RECYCLED
WATER
PROGRAM

For assistance, contact EBMUD's Office of Water Recycling • truckwater@ebmud.com • (510) 287-1658

GETTING STARTED IS EASY

1 Apply for a permit

Requirements and permit application are available online at www.ebmud.com/rwtp

2 Attend on-site training

Call (510) 287-1658 to schedule a training. Appointments are available Mon - Thurs. Less than 1 hour to complete.

3 Fill-up and go

A 1000-gallon tanker can be filled in about 10 minutes.

Access 24/7.
